HEROIC STATUE IN ENDURING BRONZE.

The Unveiling Exercises Participated in by the Cabinet, Notable Soldiers, Statesmen and Citizens and Relatives of the Deceased Gen-

Washington, April 10 .- The heroic bronze equestrian statue of Gen. John A. Logan, which rests on an imposing bronze pedestal in Iowa circle, was unveiled, vesterday, in the presence of the president, the cabinet, the widow and relatives of the gallant soldier, many of his comrades in arms and a vast multitude of people.

Master George Tucker, a grandson of the honored warrior, pulled the unveiling cord at 2:45 o'clock. The folds of the large American flag fell away and the dashing figure of "Black Jack" Logan, seated on his charger, stood revealed amid a roar of cheering that echoed far down the intersecting streets and avenues.

The president and members of the cabinet had been escorted to the statue by a military parade under command of Col. Francis L. Guenther, of the Fourth United States artillery. The procession included detachments | monuments of the national capital. from the artillery and infantry arms of the regular army; a battalion of marines and a company of seamen It Represents Seven Years of Labor from the navy yard; a provisional regiment of the District of Columbia militia; members of the societies of the Army of the Tennessee and of the Cumberland, and members of the local veteran associations.

He paid a high personal tribute to the dead tol, introduced the sculptor, Mr. Simmons, to the assemblage.

The statue was then unveiled amid great applause, and the Fourth artillery band rendered "Columbia, Gem of the Ocean."

At the moment of the unveiling a secnational salute on the White House lot, south of the executive mansion. President McKiniey received an ovation as he was introduced, and it was some time before he could begin his

remarks. He spoke as follows: My Fellow-Citizens: It is a good token when patriots are honored and patriot-ism exalted. Monuments which express the nation's gratitude for great deeds in-spire great deeds. The statue unveiled to-day proclaims our country's apprecia-tion of one of her heroic sons whose name is dear to the American people, the ideal volunteer soldier of two wars, the eminent senator and commoner, Gen. John A. Logan. Logan's career was A. Logan. Logan's carea. His distinction does not rest upon His distinction does not rest upon His distinction does not rest upon his military achievements alone. His services in the legislature of his own state, in the national house of representa-tives and in the senate of the United States would have given him an equally conspicuous place in the annals of the country. He was great in the forum and

Some names instantly suggest a senti-ment. That of Logan stands for exalted patriotism. This was the key of his success. Party politics to him was nothing when the union was in danger. When the alternative came he was swift to dedicate his life and fortune to the party of Lincoln because it stood for the indivisibility of the union. How much he did to create and increase the sentiment of loyalty and patriotism among the people of his own state and throughout the of his own state and throughout the na-tion can never be told. He stood with Douglas holding up the cause of the union and offered his own life as a cheer-ful sacrifice, if need be, for its preserva-

tion.

Logan was never half-hearted. An intense patriot, he was also an intense partisan. He was forceful in the senate as he was undaunted in battle. He had convictions, and followed them to their conclusions at any cost. He was never a trimmer nor a laggard. He despised duplicity, was the soul of franknesss and always at the front in every struggle, civil or military, during the years of his eventful life. He was a leader from boybood, the recognized captain among his eventful life. He was a leader from boy-bood, the recognized captain among his youthful associates. His integrity was pronounced and served him well, as integrity will serve every man who has and keeps it. His success was founded on good character, unfalling sincerity, high courage and unremitting industry. He came ont of the war with the highest military honors of the volunteer soldier. Brilliant in battle and strong in military council, his was also the true American spirit, for when the war was ended he was quick and eager to return to the peaceful pursuits of civil life. While a strict disciplinarian, he was yet beloved strict disciplinarian, he was yet beloved by all his men. No duty was too hazard-ous for them to cheerfully undertake, and ous for them to cheerfully undertake, and no sacrifice was too great for them to undergo when he commanded. He was not only considerate and tender of the softiers whom he led, but generous and consteous to his brother officers. It was significant of his generous spirit that, under the tempting opportunity of a great significant of his generous spirit that, under the tempting opportunity of a great command he declined it rather than injustice should be done and humiliation put upon a brother officer. No wonder that Gen. Logan was the idol of the rank and file of the army. They loved him; he loved them.

In Washington, with most onerous and exacting senatorial duties resting upon him, he was devoted to the wants and necessities of his old comrades. His sympathy, his services and his limited purse were never denied them in their need. He was among the first commanders of the

As a popular crator his voice has been heard in every state and territory of the union, always for his country and for the flag he loved.

The highest culogy ever paid him was by his father. What a remarkable tribute from father to son. That expression of faith was enough to quicken the young man's no-blest aspirations and call out the best that was in him. And how worthily he vindicated the confidence. To have inherited, to have deserved, and to have fulfilled that commendation from his father's love and faith were better than any inheritance of lands and tenements. stocks, bends and money. The Wife and Mother-in-Law of Mr. Charles Keys.

Clarissa, Minn., April 15 (Special). -No family in this vicinity is better known or more universally respected than Mr. Charles Keys, the local School Teacher, and his estimable wife, and mother-in-law. For a long time, Mrs. Kevs has been in ill health. Recently, however, she has found a cure for her ailments in Dodd's Kidney Pills.

"I cannot speak too highly of Dodd's Kidney Pills, or of what they have done for me," said Mrs. Keys.

"My life was miserable, my back always ached, also my head. I was troubled with Neuralgia in the head and face and suffered extreme pain, but thanks to Dodd's Kidney Pills, all those aches and pains have vanished like the morning dew, and it now seems that life is worth living. I consider Dodd's Kidney Pills a God-send to suffering humanity. They may rightly be named the Elixir of Youth.

"While speaking of my own case and the wonderful benefit I have received, I might also add, that my mother, who is now an old lady of 74 years and who lives with me, has been troubled more or less with aches and pains, as is natural with one of her advanced age. When she saw what Dodd's Kidney Pills had done for me, she commenced to use them herself, and she says that they have done her more good than any other medicine she has ever tried. "This testimony is given in the hope that others who may be afflicted as we

were, may see and read it, and be benefited by it." What Mrs. Keys states in her letter can be verified by reference to any of her many friends in this neighborhood. Dodd's Kidney Pills have already a wonderful reputation in Todd County.

"I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach and have indigestion horribly, and palpitation of the heart, and I am losing flesh. This headache and backache nearly kills me, and yesterday I nearly had hysterics; there is a weight in the lower part of my bowels bearing down all the time, and pains in my groins and thighs; I cannot sleep, walk, or sit, and I believe I am diseased all over; no one ever suffered as I do."

toms, and no woman should allow herself to reach such a perfection of misery when there is absolutely no need of it. The subject of our portrait in this sketch, Mrs. Williams of Englishtown, N.J., has been entirely cured of such illness and misery by Lydia E. Pinkham's Vegetable Compound, and the guiding advice of Mrs.

Pinkham of Lynn, Mass. No other medicine has such a record for absolute cures, and no other medicine is "just as good." Women who want a cure should insist upon getting Lydia E. Pinkham's Vegetable Compound when they ask for it at a store. Anyway, write a letter to Mrs. Pinkham at Lynn, Mass., and tell her all your troubles. Her advice is free.
